Volume 35—Number 5

Section Two

Week of February 2, 1958

INDEX TO VOLUME 34

July Through December 1957

As you know, items in *Quote*, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of *Quote*, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Action—7-2;" tells you that an item on Action will be found in the seventh issue of *Quote* under index number 2.

One or more letters, following an issue number, refers to material in regular departments. For example: "Advertising—14-OAT;" indicates that an item on Advertising appears in *Of All Things* in issue number 14. The reference to "Animals—10-QC;" means that an item on that subject appears in *Mr. Q's Column* in issue 10. The reference to "Actors, Acting—8-p;" means that an item on that subject will be found in the regular *Good Stories* section of issue 8 under index letter p.

Quotations in the section *May We Quote You On That?* are also numbered consecutively. In the index, a reference such as "Armed Forces — 4-6Q;" refers to a quotation on that subject in the 4th issue, numbered six in the *May We Quote* . . . section. When the letter t follows the Q, as in the reference "Architects, Architecture—22-2Q-t;" it indicates the special *Quote-ette* feature in issue 22. A complete list of department abbreviations appears below:
